## **DETAILED ACTION**

### ***Claim Objections***

1. Claim 1 is objected to because of the following informalities: in claim 1, line 14, "an audible indication" should be --the audible indication--. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 18 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 18, "said holster inner sleeve" lacks antecedent basis.

### ***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Art Unit: 3727

5. Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being anticipated by Gallagher (5,518,155). Gallagher discloses, in figs. 1-5, a handgun holster comprising a locking mean 28 for preventing the withdrawal of aid handgun, a releasing means (finger rest 25) for releasing locking means by a user's index finger (see col. 51-61), a finger tube 14 surrounding said releasing means, and a biasing spring 44. It is inherent that the locking means adapted to engage to a handgun with an audible indication as soon as the locking means engaging with the trigger guard when the handgun is inserted.

***Allowable Subject Matter***

6. Claims 4-17 are allowed.

7. Claim 3 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

8. Claim 18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.

9. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Mauriello et al., Rogers et al., Serpa teach holster locking means and releasing means activated by a finger..
